1.0 Proposed Shutdowns from 220kV Sub Station PPK-II for erection of tower gantry

DTL projects deptt. proposed the following shutdown at 220kV PPK-II S/Stn:

S.No.	Name of Bay	Date	Time (Hrs.)	Work	Remark
1.	66KV BUS-I	07.11.2015	16:00 to 17:00 Hrs	Removing the jumper of Bus near to Tower	Load shall be met by bus-1
2	66KV BUS-II along with G-15 Dwarka-I &II	08.11.2015	06:00 Hrs to 18:00 Hrs	for erection of tower and gantry	Load shall meet by alternate Transformer

Members may deliberate.

2.0 Proposed Shutdown of 220kV Bawana – Kanjhawla Double Circuit tower Line.

DTL projects deptt. proposed the shutdown on 220kV Bawana-Kanjhawla Double Circuit tower Line for a period of 4 days:

The work of Erection, Testing & Commissioning of 220kV Double Circuit Tower Line from Bawana 400kV S/Stn. to 220kV S/Stn. Rohoni-II (Sector-29) is in progress. Presently Bawana – Khanjawala line passes through over the ROW of Bawana – Rohini-II (Sector-29) line in the land of Delhi Jal Board in- front of Bawana 400kV S/Stn. For the shifting of Bawana – Khanjawala Ckt I & II, one new foundations/locations 20 (C+6) has been casted and Tower already erected.

During the 04 days continuous Shut-down of 220kV Ckt-I & II of Bawana- Khanjawala, the work of tension point/cut point at location 20 (C+6) will be executed. After tension point/cut point at location 20 (C+6), the Khanjawala line will passes through new Location tower No. – 20 (C+6).

During this shutdown, S/D of one 11kV overhead feeder of Zone – Phoot Khurd of TPDDL which is feeding to Pumps of DJB is also required.

Members may deliberate.

3.0 Proposed Shutdowns at 220kV Substation Mehrauli

DTL proposed the following shutdowns at 220kV Mehrauli S/S:

S. No	Date	Time	Name of feeder/ Transformer	Work to be done	Remarks
01	01.11 .2015	09:30- 11:30	66KV Vasant Kunj D-1 With 66KV BUS-I	Preventive mtc. of bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
02	01.11 .2015	13:30- 15:30	66KV PALAM With 66KV BUS-I	Preventive mtc. of bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
03	02.11 .2015	09:30- 11:30	66KV Vasant Kunj D-2 With 66KV BUS-I	Preventive mtc. of bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
04	02.11 .2015	13:30- 15:30	66KV IOC With 66KV BUS-I	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
05	03.11 .2015	09:30- 11:30	66KV Vasant Kunj-C- 1 With BUS-I	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
06	03.11 .2015	13:30- 15:30	20MVA Tr-2 With BUS-I With 11KV I/C-2	Preventive mtc. of bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
07	04.11 .2015	09:30- 11:30	66KV Vasant Kunj-C- 2 With BUS-I	Preventive mtc. of bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
08	04.11 .2015	13:30- 15:30	20MVA Tr-1 With BUS-I With 11KV I/C- 1	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
09	05.11 .2015	09:30- 11:30	66KV Malviya Nagar- 1 With BUS-I	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
10	05.11 .2015	13:30- 15:30	66KV C.DOT-1 With BUS-I	Preventive mtc. of bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
11	06.11 .2015	09:30- 11:30	66KV Malviya Nagar- 2 With BUS-I	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
12	06.11 .2015	13:30- 15:30	66KV DMRC-2 With BUS-I	Preventive mtc. of bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
13	07.11 .2015	09:30- 11:30	66KV DMRC-1 With BUS-I	Preventive mtc. of bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.

Additional Agenda of OCC meeting dt. 06.11.15

14	08.11 .2015	13:30- 15:30	66KV C.DOT-2 With BUS-I	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
15	08.11 .2015	09:30- 11:30	66KV B/C With BUS-I	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
16	20.11 .2015	09:30- 12:30	220KV BTPS-1	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
17	20.11 .2015	13:30- 17:30	220KV BTPS-2	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
18	21.11 .2015	09:30- 12:30	DAIL-1	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
19	21.11 .2015	13:30- 17:30	DAIL-2	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
20	23.11 .2015	09:30- 12:30	VASANT KUNJ-1	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
21	23.11 .2015	13:30- 17:30	VASANT KUNJ-2	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be transfer to other respective ckt.
22	24.11 .2015	09:30- 12:30	100MVA-1	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be taken from 100MVA-2
23	24.11 .2015	13:30- 17:30	100MVA-2	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	This Tr. is on no load
23	25.11 .2015	09:30- 12:30	100MVA3	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be taken from 100MVA-2
24	25.11 .2015	13:30- 17:30	160MVA-4	Schedule Testing of CT , CB, CVT And line and bus isolators as per preventive mtc. schedule	Load can be taken from 100MVA-2

Members may deliberate.
